University of Minnesota Press, United States, 1999. Paperback. Book Condition: New. New.. 227 x 149 mm. Language: English . Brand New Book. The International Psychoanalytic Congress gathered in 1967 to define the clinical concept of acting out. Thirty years later, our society, which once labeled those who exhibited excessive aggression as delinquent, celebrates outrageous public behavior. In *Acting Out in Groups*, writers, literary theorists, and cultural critics explore therapeutic descriptions of acting out in relation to the conduct condoned, even encouraged, on daytime TV talk shows, at political rallies, and in performance. Through a deconstruction of acting out, this collection seeks a new; performative style of critical discourse that incorporates the exuberance and intensity of acting out for analytical ends. Topics include the Jenny Jones murder trial; the response of psychoanalysts to the acclaimed documentary *Crumb*; the place of the Berlin Wall and other national symbols in German life; and the roles of aggression and discipline in childhood development.
