PREFACE This book is a concise collection of various geological facts studied in the works of many reliable European research students who travelled in Armenia from 1830 up to the present time. It was an essay required in partial fulfillment of my subject of major interest in the University. A complete bibliography has been appended for those who are interested in the details of the subject. The development of the natural resources of the country, for economic as well as for scientific purposes, is still in an embryonic condition. It is hoped that favorable political conditions, increased education, public zeal and its capital will, in time bring about the desirable improvements and make the natural wealth of the country available for its people. H. A. Khakajian. Columbia University, New York, N. Y.
