The parody follows what is historically known about the ancient origins of Islam but wades through the many different interpretations and fills in the blanks in my own humorous way. The orthodox interpretations are quite at odds with each other and impossible to all be true and this is one reason why every day, and I literary mean every day, approximately 40 internecine murders happen between the Sunni and Shiite branches of Islam. These facts are both ridiculous and instructive. This is one more way of looking at things, and the only way with humor. Most scholars did not know of Mohammad being the town drunk of Mecca and inept proprietor of his, Mohammad s Saloon Brothel. Things move rapidly when his youngest, and very smart daughter Fatima is very tired of turning tricks as that years baby whore at dad s establishment and uses Mohammad s head injury and his talking in tongues as her way out by starting a religion as she divines a message out of his nonsense gibberish. This is how the so-called Orwellian Religion of Peace is imposed upon the world by Murder, Child molestation terror. This is truly a very funny and insulting book, unlike any other.
