CREATING SACRED SPACES FOR COMMUNITIES

DOWNLOAD

Eddlesen & Rowe LLC. Paperback. Book Condition: New. Paperback. 680 pages. Dimensions: 9.7in. x 7.4in. x 1.5in. Drawing on lessons from the past, this book takes construction and architecture into a whole new dimension. New age teacher Samuel Welsh, reveals the secrets of the ancient builders of such sacred places as Stonehenge, Machu Picchu, and the pyramids. He shows how techniques used to build ancient churches and monuments can be applied today to create sacred spaces in our homes and in our communities. Sacred space brings grace, harmony, and joy to those within it. But it offers tangible benefits as well. Environments that carry sacred energies have long been known to enhance quality of life, improve health, and increase longevity. Many of the techniques described in this book are intended for those involved in building design and construction such as architects, land use planners, and community developers. Yet, because most of these approaches are simple enough to be used on a smaller scale, Welsh explains in simple terms how anyone can create sacred spaces that bring peace and serenity into their hectic life. He includes step-by-step suggestions for designing sacred spaces on a more intimate scale such as quiet retreats, meditation rooms, and spaces to enjoy creative activities. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
