Brand New Book ***** Print on Demand *****.Excerpt from Report of Ogden Public School Survey Commission A year ago a proposal was made in Ogden for vitalizing the schools by reorganizing them on an industrial plan, having a half day of academic and a half day of industrial, social and physical work, and in certain cases boys and girls were to be excused from the industrial half day of the school to take their industrial work in some of the approved industries of our city on the co-operative plan, on the theory that the real, practical work of life should be an essential part of our educational system; provided that it shall be thoroughly supervised and that the intellectual, physical and social progress of the student shall not in any way be hampered. Some kinds of work have little or no educational value. Other kinds are injurious to body, mind and morals. The child should be protected by the school from entering such employments. It was also thought that the educational value of earning and saving money was an important thing in the training...

Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
