INFANT MUSICALITY

Mixed media product. Book Condition: New. Not Signed; What can infants hear? What are their reactions to music? Is it useful for them to sing and listen to music? Is their auditory sensitivity developed before their birth? At what age do they start singing, and clapping their hands? How can their musical development be improved? These (and other) questions are present in today's debate on music education and the responses are normally given in an intuitive way. It is now...
