Reviews

The book is not difficult in read through better to recognize. It really is writer in straightforward terms instead of confusing. I am happy to inform you that this is actually the finest publication i actually have read in my individual daily life and may be he best book for possibly.

(Valerie Heaney)

AGRICULTURAL GEOLOGY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Agricultural Geology Of late years a large and increasing amount of attention has been paid to the practical applications of geological science. The present book has been written with the object of supplying a concise account of those parts of geology which are of direct interest to the agriculturist. The study of the soil naturally forms the most important part of the book, and this has been treated as much as possible from a purely geological standpoint: the chemical and physical properties of soils are dealt with exhaustively in many books. It is to be regretted that considerations of space did not allow of a fuller discussion of the modern mechanical methods of soil-analysis that have proved so valuable in the hands of workers at Rothamsted, Cambridge and elsewhere. The later chapters of the book contain a summary of the distribution of the rock-formations of the British Isles, and the characters of the soils yielded by them. Much difficulty was experienced in obtaining the necessary information, which is still far from complete. The facts had to be collected from many scattered sources, especially from the memoirs of the Geological Survey, the Journal of the Royal Agricultural Society, county histories and geographies and many other publications. Much valuable information was also derived from Mr A. D. Hall s Pilgrimage of British Farming. I must here express my gratitude to those gentlemen, too numerous to mention individually, who afforded me information in reply to direct enquiries. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
